PROFESSIONAL SUMMARY

Computer Engineering undergraduate (CGPA 9.51 through Sem 4) currently working as a full-stack development intern, with 3 live, shipped full-stack projects demonstrating end-to-end ownership – RESTful API design, MongoDB schema architecture, and responsive React.js frontends. Strong foundation in DSA, DBMS, and OS.

TECHNICAL SKILLS

Languages: Python, JavaScript, Java, C

Frontend: React.js, Redux, HTML5, CSS3, Tailwind CSS, Framer Motion

Backend / Tools: Node.js, Express.js, RESTful APIs, JWT Auth, Git, GitHub, Vercel, Render, Docker

Databases: MongoDB, Mongoose, PostgreSQL, SQL, Schema Design

CS Fundamentals: Data Structures, Algorithms, DBMS, Operating Systems, OOP

WORK EXPERIENCE

MERN Stack Development Intern – Cpiombo Servtec Pvt. Ltd.

June 2026 – Present

Hybrid, Mumbai

- Independently own full-stack development of a B2B Site Operations SaaS platform end-to-end – backend architecture, database design, frontend implementation, and testing – as the sole engineer across 4+ core modules.
- Architected and shipped a complete Supplier Onboarding system single-handedly, replacing a static UI with a live, database-driven pipeline.
- Built a full Procurement lifecycle spanning sourcing, supplier acknowledgment, purchase order dispatch, goods receipt, and automated reorder generation, with partial-order fulfilment and alternate-supplier logic across 6+ interconnected workflows.
- Designed a concurrency-safe, mutex-protected ID generation system powering every business document on the platform (purchase orders, invoices, tasks), eliminating ID collisions under concurrent multi-user load.
- Diagnosed and resolved multiple critical data-scoping bugs across the existing platform, migrating core query logic to a more reliable approach across 35+ components and eliminating silently dropped multi-batch records.

Member, National Level Committee – Computer Society of India (CSI)

2025 – 2026

- Independently sourced and closed a Rs. 10,000 sponsorship deal with a study-abroad consultancy for the committee, demonstrating initiative and stakeholder engagement.
- Co-organized 3+ national-scale tech events, coordinating logistics, speaker outreach, and community engagement across member institutions.

PROJECTS

Fix It Fast – On-Demand Home Services Platform [Live ↗](#)

- Architected a full-stack booking platform across 5+ service categories with 10+ RESTful API endpoints covering JWT auth, service discovery, and real-time booking status updates; built 25+ React.js components with role-based interfaces and deployed on Vercel + Render.
- Exceptional Lighthouse scores — Desktop: 99 Perf / 91 A11y / 96 BP / 91 SEO · Mobile: 91 / 95 / 96 / 91 — reflecting production-grade performance and accessibility.

Itihas – Interactive Historical Exploration Platform [Live ↗](#)

- Built a geospatial platform mapping 20+ ancient locations (scalable to more) with dynamic timeline routing via the OpenRouteService API.
- Modular React.js architecture with Framer Motion animations; sub-2s load time. Outstanding Lighthouse scores — Desktop: 97/96/100/82 · Mobile: 73/96/100/82 — with a perfect 100 in Best Practices.

Campus Navigator – Real-Time Wayfinding App [Live ↗](#)

- Delivered a campus navigation app covering 12+ buildings with live route calculation and sub-1.5s query response using React Leaflet and the OpenRouteService API.
- Strong Lighthouse scores — Desktop: 93/96/100/82 · Mobile: 85/96/100/82 — with a perfect 100 in Best Practices.

EDUCATION

B.E. Computer Engineering – Thadomal Shahani Engineering College

2024 – Present

CGPA: Sem 1: 9.37 | Sem 2: 9.25 | Sem 3: 9.59 | Sem 4: 9.83

12th CBSE (Computer Science)

2024

92.2% | JEE Mains: 93.17 percentile | MHT-CET: 98.713 percentile

ACHIEVEMENTS

- Won 3rd Place – MOSAIC National Level UI/UX Hackathon, RAIT D.Y. Patil College (50+ competing teams).
- JEE Mains 93.17 percentile | MHT-CET 98.713 percentile – top 2% of 800,000+ statewide candidates.
